

Surrey and Sussex Cancer Alliance
Voluntary and Community Sector (VCS) forum

Expression of interest form

At Surrey and Sussex Cancer Alliance (SSCA) we are committed to Patient, Public and Community Engagement. We are redesigning our patient and public engagement groups and are in a process of establishing a new Voluntary and Community Sector (VCS) forum.

The main aim of the forum is to ensure consultation and engagement work continues to adhere to the SSCA objective of engaging communities and also to support the implementation of the "Working with people and communities", NHS England statutory guidance, CORE20Plus5, Operational Planning Guidance for Cancer Alliances (2022/23) and other national drivers and policies.

We are inviting applications from community groups and charities listed on our Community Connections database to participate in the above forum, representing their respective group/charity. If you wish to participate please complete the details overleaf.

If you are interested to join SSCA VCS forum, please complete the form below and send it back to Boba Rangelov, Patient and Public Engagement Manager boba.rangelov@nhs.net

Yes, we wish to be considered as forum members

No, we do not wish to participate but would like to receive the papers
